

Certificate of Registration

QUALITY MANAGEMENT SYSTEM - ISO 9001:2015

This is to certify that:

Kier Group Plc
Tempsford Hall
Sandy
SG19 2BD
United Kingdom

Holds Certificate Number:

FS 653123

and operates a Quality Management System which complies with the requirements of ISO 9001:2015 for the following scope:

Please see scope page.

For and on behalf of BSI:

Andrew Launn, EMEA Systems Certification Director

Original Registration Date: 2016-07-21

Latest Revision Date: 2019-01-25

Effective Date: 2016-07-13

Expiry Date: 2022-07-12

...making excellence a habit.™

Certificate No: FS 653123

Registered Scope:

The design, project management and delivery of highways services, projects and maintenance including the scope of certification for National Highways Sector Schemes 2A, 2B, 2C,8, 9A, 12A/B, 12C, 12D, 13, 18 and 22.

The design of temporary and permanent works for civil engineering and building projects including land surveying.

The design, delivery, maintenance, repair, improvement and renovation of infrastructure and non-infrastructure clean water networks, water treatment and sewage treatment works, and sewer networks.

The design, installation, upgrade and maintenance of telecommunications networks.

Infrastructure maintenance services for cell sites.

Design, planning, construction, operating, maintenance, renewing and installation of low, medium and high pressure gas supply pipelines, including emergency response, to commercial and residential properties.

Capital programme works including the design, planning, construction, operating, maintenance and installation of low and high voltage electricity cables to commercial and residential properties, the undergrounding of existing overhead lines, substation works, new connections, work to overhead lines, jointing and emergency response works.

Multi Utility design and construction to enable rail, metro, airport residential, commercial and industrial infrastructure, renewable energy and special projects.

The construction, maintenance, repair and refurbishment of buildings and civil engineering projects including infrastructure, structures and foundations as a sole provider or as a joint venture including the provision of design management services with procured design, supply chain and project management services, and performance of the role of Principal Contractor and or Principal designer as a sole contractor or as a joint venture.

The design and installation of railway signalling, telecommunications and electrical plant.

The design and delivery of street cleansing, litter and dog bin emptying and the design and maintenance of flowerbeds, associated planting, allotments and memorial benches. Maintenance of sports pitches, grass cutting parks, urban and rural, weed killing, gulley emptying, drainage maintenance and fly tipping. Car park cleaning pest control. Kerbside collection of recyclables and residual waste, management of HWRC site, management of transfer station and baler hall, delivery of waste minimisation and education plan. Public toilet cleaning, building maintenance and repairs. Vehicle maintenance management and procurement. The delivery of 24/7 365 days per year operational support hubs for public and other third party clients.

The provision of design and facilities management services for domestic, commercial and industrial premises within the private and public sectors.

The undertaking of responsive repairs, void repairs, planned maintenance work, heating, mechanical and electrical work, refurbishment, adaptation, demolition and construction, projects across the public and private sectors including works to social, industrial, education, health and defence sectors.

The construction, of residential and ancillary buildings for public and private bodies including providing the role of Principal contractor and the management of design services.
