

## QUALITY POLICY

### PURPOSE

Delta Fire Ltd is committed to fulfilling our customers requirements with quality products and services in accordance with both our own and all statutory requirements, and to continually improve the effectiveness of our Quality Management System.

The Quality Management System provides the framework for establishing, documenting and maintaining a Quality Management System and by continually improving its effectiveness in accordance with the requirements of BS EN ISO 9001 : 2015.

The Quality Management System and its documented quality objectives are communicated and understood by all personnel in the organization through defined channels and is reviewed for continuing suitability and improvement.

### PRINCIPLES

**In recognition of this the company will continue to develop a robust management system to:**

- Develop strong and effective working partnerships with our customers and suppliers to promote joint continual improvement
- Investing in the development of people and skills through comprehensive training and team empowerment.
- Promotion of a company wide Total quality culture embracing the highest international standards.
- Investment in process and product innovation in order to maximize corporate marketing advantage.

**Responsibility for the maintenance of this policy rests with the Board of Management of Delta Fire Ltd, who shall ensure the full commitment and participation of all levels of management and employees.**
