

## Quality Policy

Regal Tanks Ltd. has developed and implemented a Quality Management System to ensure that the products supplied and the service offered meet customers and statutory requirements for quality and consistency.

This Policy, the company Quality Manual and supporting procedures have also been developed to satisfy the requirements of ISO EN ISO 9001:2015.

The implementation and development of the Quality System within the Company has my personal commitment and support, and the commitment and support of management and staff. All Quality Control related activities are carried out by suitably experienced/trained personnel.

To ensure effectiveness of the Quality System, Quality Risk and Opportunity Assessments together with Internal Quality Audits are performed on a regular basis and the overall system is monitored through Management Review meetings between senior members of staff.

Quality Objectives are set at Management Review meetings and reviewed at subsequent Management Reviews.

The Company endeavours to not only maintain quality standards but has adopted a policy of continual improvement through the internal processes and through monitoring customer's perception.

The achievement of the Company's Quality Policy and objectives are the responsibility of all personnel who are individually answerable for the quality of their work and to whom this policy statement has been explained. The management will ensure that relevant quality procedures and work instructions are communicated to, understood and adhered to by all personnel.

The Quality Manager has the authority and responsibility for the implementation and maintenance of the Quality System.

This policy is reviewed annually for its suitability.
